

Private Lesson Referrals

Private lesson instruction provides the benefit of individualized help with expertise specific to your student's instrument. The benefits of long-term private lessons go beyond our content; helping students grow in multiple ways. We highly recommend private lessons to all students.

Questions to ask your prospective private teacher:

- Where do the lessons take place?
- Which day of the week will the lessons be held?
- Are you open to or experienced with virtual lessons?
- How long are the lessons?
- What is the lesson fee?
- How do you prefer to be paid? (cash, checks, credit cards, electronically, after each lesson, monthly, etc.)
- What would you like me to bring to the first lesson?
- Do you have a cancellation policy?

Multiple Instruments
